The Best of Chess Informant: Viswanathan Anand

Zdenko Krnic

Work on the new CD *The Best of Chess Informant – Viswanathan Anand* is in full swing. So this seems like the proper time to examine the creative output of the current top rated player in the world. With the release of [Chess Informant 98](#) we have published 1,009 of Anand's games, 436 of which were annotated by him.

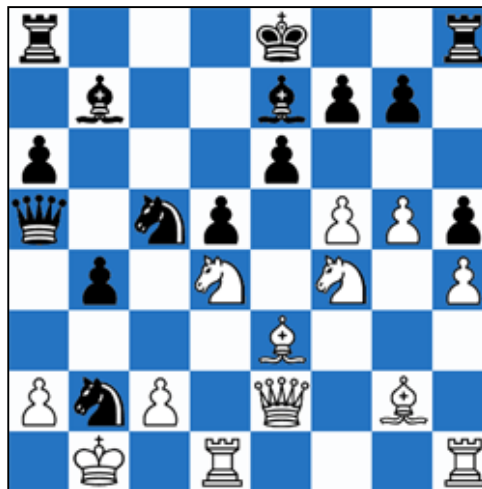

Over the years, five of his games (presented below) received best game awards, and the last two games on the list also received the award for the most important theoretical novelty:

- Anand – Ftacnik, Biel (izt) 1993 – 58/254
- Anand – Karpov, Las Palmas 1996 – 68/346
- Anand – Lautier, Biel 1997 - 70/89
- Anand – Bologan, Dortmund 2003 – 88/77
- Anand – Adams, San Luis 2005 – 94/267

Anand has the exceptional ability to intuitively find the best move in any given position in the shortest amount time. The stories of him using only fifteen minutes or half an hour to beat an elite grandmaster are legend. To further illustrate his rich contribution to chess, we also offer a small sampling of combinations and endings from the “Play like Anand” section of the CD.

Anand 2725 – Ftacnik 2535
